Re: Formal Case No. 1017

Dear Ms. Westbrook-Sedgwick

Attached is Potomac Electric Power Company's ("Pepco" or the "Company") compliance filing for Standard Offer Service ("SOS") retail rates approved by the Public Service Commission of the District of Columbia ("Commission") as modified by Order No. 21986 issued on May 1, 2024.

The rates shown in Attachment A reflect the weighted average prices of the winning bids and include the latest generation procurement bid cycle completed in January 2024. These rates will be effective for the period of June 1, 2024 through May 31, 2025.

On January 14, 2022, the Commission issued Order No. 21099, and directed the Company to include incremental administrative costs associated with a Community Renewable Energy Facility's ("CREF") use of Pepco's billing services in the Administrative Charge of Standard Offer Service ("SOS"). Accordingly, these CREF-related expenses for June 1, 2022 to May 31, 2023 are reflected in the Administrative Charge calculated in Attachment D and per the directives in Order No. 21986.¹ Additionally, this filing includes estimated CREF administrative and billing costs, including O&M IT costs related to implementation of a billing system to capture generation from CREF meters, for the period June 1, 2024 to May 31, 2025.

In addition to the market prices obtained through the competitive bidding process, and the Administrative Charge, a Capacity Price Adder was included in retail rates to adjust for the difference between the capacity proxy price in the Request for Proposals for SOS years 2021-

¹ Order No. 21986 approved Pepco's proposed SOS retail rates with the exception of Pepco of \$501,590.66 in capital costs from the SOS administrative charge.

Ms. Brinda Westbrook-Sedgwick

2022 and 2022-2023, and the actual PJM Base Residual Auction price as part of the 2024-2025 PJM capacity auction.

Attachment B contains the work papers supporting the generation rates, which are comprised of: (1) the market prices obtained through the competitive bidding process for Residential and Small Commercial Customers in December 2023 and January 2024, as well as the bidding process conducted in December 2021, January 2022, December 2022, and January 2023, (2) the Administrative Charge, and (3) a Capacity Price Adder. The generation rates for Large Commercial Customers are comprised of: (1) the market prices obtained through the competitive bidding process in December 2023 and January 2024, (2) and the Administrative Charge. The competitive bidding process was overseen by the Commission's consultant, Bates White.

Attachment C shows the average dollar and percentage change in bills for each rate class. Residential customers will see an approximate increase of \$8.12 per month or 8.0%; customers in the MMA class will see an approximate increase of \$4.63 per month or 6.9%; Small Commercial customers will see an increase of 8.1%, and Large Commercial customers will see a decrease of 12.0%.

Attachment D shows the detailed calculation and explanation of the Administrative Charge and the true-up calculation. This calculation includes a late payment fee adjustment resulting from the Covid impacted period, for the June 1, 2020 through May 31, 2022 timeframe, to accurately reflect these charges as an offset to write-offs. To cover the Administrative Expenses from June 2024 through May 2025, the Company proposes to decrease the Administrative Charge for Residential customers from \$0.00530 to \$0.00465 and for Large Commercial customers from \$0.00475 to \$0.00125. The decrease in Residential is primarily driven by the expected decrease in under-collections. The decrease in Large Commercial is primarily driven by overcollections of \$2,354,514. The Company proposes an increase to the Administrative Charge for Small Commercial customers from \$0.00610 to \$0.00690. This increase is primarily driven by under-collections for Small Commercial customers of \$574,765.

Attachment E is an estimate of the June 1, 2023 current year, through May 31, 2024, compensation calculation based on Order No. 18829 paragraph 146.

Please feel free to contact me if you have any questions regarding this matter.

Sincerely,

/s/ Dennis P. Jamouneau

STANDARD OFFER SERVICE RIDER "SOS"

RIDER "SOS" – STANDARD OFFER SERVICE

Available in the District of Columbia portion of the Company's service area for the provision of Generation and Transmission Services to customers who do not have an alternate supplier for Generation and Transmission Services.

Standard Offer Service (SOS) is available beginning February 8, 2005 in accordance with orders issued by the District of Columbia Service Commission in Formal Case No. 1017.

DESCRIPTION OF SOS TYPES

Residential

Applicable to customers served on Schedules "R", "MMA" and associated riders.

Available as authorized by the District of Columbia Public Service Commission.

All residential customers shall be eligible to switch from Standard Offer Service to competitive Suppliers and return to Standard Offer Service without restrictions.

A Customer shall not change Type within the SOS year.

Small Commercial

Applicable to customers served on Schedules "GS ND", "T", "SL", "OL LED", "TN", "TS", and associated riders.

Available as authorized by the District Of Columbia Public Service Commission.

A Customer shall not change Type within the SOS year.

Large Commercial Service

Applicable to customers served on Schedules "GS LV", "MDU-PIV", "GS 3A", "MGT LV", "GT LV", "GT 3A", "GT 3B", "RT", and associated riders. Large Commercial Service is available as authorized by the District of Columbia Public Service Commission.

Non-Residential – Switching Restrictions

See Section 13 of the General Terms and Conditions.

MONTHLY RATE

Customers receiving Standard Offer Service will pay the Distribution Service Charge, Transmission Service Charge and Generation Service Charge including all applicable riders. The Distribution Service Charges are stated in the Monthly Rates for the Customer's applicable Rate Schedule.

The Standard Offer Service Rate for each Rate Schedule within each SOS Type, including any usage incurred under associated Riders, will include the following components:

1. The seasonally-differentiated and, if applicable, time-of-use differentiated load weighted average of all awarded electric supply prices for specific services in each year.
2. Retail charges designed to recover, on an aggregate basis, FERC-approved Network Integrated Transmission Service charges ("NITS") and related charges and any other PJM charges and costs incurred by the Electric Company directly related to Electric Company's SOS load obligation for each SOS Customer Group.
3. An administrative charge (included in Generation rates shown below)
4. Applicable taxes (Included in Generation Rates shown below.)

(1) Pepco's incremental costs include, but are not limited to, Market Monitoring Consultant costs, wholesale bidding expenses, wholesale supply transaction costs related to wholesale supplier administration and transmission service administration, wholesale payment and invoice processing, incremental software contracting expenses, and Legal and Regulatory filing expenses related to SOS requirements.

(2) On January 14, 2022, in Formal Case No. 1050, Order No. 21099, the Commission directed Pepco to include incremental administrative costs associated with a CREF's use of Pepco's billing services in the Administrative Charge of Standard Offer Service ("SOS"). Therefore, the incremental CREF costs, reflective of the period from June 2022 through May 2023, represent the administration of the CREF program.

(3) The software contractor incremental costs represent Intellectual Technology (IT) support for consulting and maintenance services related to the functionality and process of PHI's Energy Procurement System (EPS), which manages the SOS procurement process.

(4) The Purchase Power Agreement incremental costs represent ICF Consulting fees to develop forward market prices to evaluate Requests for Proposal ("RFP") bids.

(1) Per Pepco's write off policy, there is a 6 month period from when an account is final billed until the account is considered uncollectible and written off. As such, Pepco has historically reported write offs within the SOS filing on a 6 month lag.

(2) The negative amount of Uncollectible Net of Late Payments for Large Commercial customers is due to late payments exceeding write-offs.
