**ADVISORY NEIGHBORHOOD COMMISSION 3B**  
**GLOVER PARK AND CATHEDRAL HEIGHTS**

**ANC 3B RESOLUTION IN OPPOSITION TO THE APPROVAL OF  
WASHINGTON GAS' PROJECTpipes 3 (DC SAFE)  
BY THE DC PUBLIC SERVICE COMMISSION  
IN ITS CURRENT FORM**

**Whereas:** Washington Gas Light was directed by the Public Service Commission to produce a plan to replace the most leak-prone, highest-risk natural gas pipelines that is in line with The District of Columbia's climate laws and goals;

**Whereas:** Washington Gas Light failed to adhere to the direction of the Public Service Commission by submitting a plan that did not adhere to the Public Service Commission's instructions;

**Whereas:** The plan submitted by Washington Gas Light is not cost effective and provides no timeline for completion;

**Whereas:** The plan submitted will place substantial financial burden on residents and businesses of the District of Columbia to replace infrastructure that will be rendered obsolete by the District of Columbia's environmental goals;

**Whereas:** The plan submitted by Washington Gas Light is not aligned with the District of Columbia's climate laws and goals;

**Therefore:** It is resolved that ANC 3B urges the Public Service Commission to reject PROJECTpipes Phase 3 (DC SAFE) and direct Washington Gas Light to submit a plan in compliance with their original order.
