III. DISCUSSION

3. Our review of the information contained in Energy CX's applications and supplemental filings demonstrates that it has met all the prescribed licensing requirements and that the Applicant has the ability and the financial integrity to serve electricity and natural gas customers in the District of Columbia. The Commission also finds that granting Energy CX's applications will serve the public interest by fostering competition in the District's energy market. Accordingly, the applications of Energy CX are approved.

THEREFORE, IT IS ORDERED THAT:

4. The applications of Energy CX, LLC for licenses to conduct business in the District of Columbia as a broker of electricity and natural gas are hereby **GRANTED**. The licenses for Energy CX, LLC are effective upon issuance of this Order.
