**Re: ENGIE Power & Gas LLC,
Docket Nos. EA2018-04 and GA2018-12-G
Supplemental Notice of Corporate Reorganization**

To Whom It May Concern:

On May 4, 2020, ENGIE Power & Gas ("Licensee") submitted notice to the Public Service Commission of the District of Columbia ("Commission") that its legal name was changed from Plymouth Rock Energy LLC to ENGIE Power & Gas LLC. In the course of preparing this notice, it came to Licensee's attention that notice was not provided to the Commission of an internal corporate reorganization that occurred in November of 2019, which eliminated two internal holding companies. As a result, Licensee is now a direct wholly-owned subsidiary of ENGIE Resources LLC (whereas prior it was indirectly owned by ENGIE Resources through the two internal holding companies). Thus, ENGIE Resources' ultimate ownership of Licensee has not changed.

Except as provided above, no other changes of Licensee have occurred. Licensee remains the same standalone corporate entity and its DUNS number and Federal Taxpayer Identification Number remain the same. Licensee's license was not transferred as a result of the internal corporate reorganization and the organizational change does not change the terms and conditions pursuant to which the Commission has licensed the Licensee. The reorganization does not change Licensee's services or customer population and does not change Licensee's financial, technical or managerial capabilities.

If you have any questions, please do not hesitate to contact me at 713-636-1980 or ray.cunningham@engie.com. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ray Cunningham".
