Enclosures ST/cc Within the next 30 days (60 days per state requirements for AZ and PA) your monthly billing statement will reflect a price adjustment on legacy voice services. Traditional basic voice lines will be adjusted to a minimum price of \$50.00, or the max allowed per state. The associated voice features continue at the lower price point, but may be adjusted, not to exceed \$10.00. Other legacy voice services may reflect a rate increase not to exceed 25%. These price changes typically will not impact all charges on your invoice. We encourage you to contact your account representative to discuss product conversion options that will enable you to migrate off aging technology. We sincerely appreciate your business and look forward to continually expanding our technology solutions to meet your ongoing needs. If you have questions, please contact Windstream at the number listed on this billing statement.

Effective: November 1, 2020

# **CHECK-SHEET**

The sheets of this Tariff are effective as of the date shown at the bottom of the respective sheet(s). Original and revised sheets as named below comprise all changes from the original tariff and are currently in effect as of the date on the bottom of this page.

#### 4.18 IntraLATA Private Line Service, Cont.

#### **Rates and Charges**

Rates and charges for IntraLATA Private Line Service are defined herein and are based on the locations of the Customer premises in relation to the Company's network. IntraLATA Private Line Services are provided at the sole discretion of the Company and priced on an Individual Case Basis ("ICB"), applied in a nondiscriminatory manner.

#### **Local Distribution Channel (1)**

The Local Distribution Channel rate element provides for the dedicated transmission path furnished between the Customer's premises and the serving wire center. Local Distribution Channel Mileage will be rounded up to the next mile for any fraction of a mile. For example, 0.01 miles will be charged at 1 mile.

#### **(2) Interoffice Channel**

The Interoffice Channel rate element provides for the dedicated transmission path between serving wire centers. Interoffice Channel Mileage will be rounded up to the next mile for any fraction of a mile. For example, 0.01 miles will be charged at 1 mile.

#### 4.19 Broadspeed Voice T1

#### Description a.

Broadspeed Voice T1 service provides digital trunk connections from an end user's Private Branch Exchange (PBX) or other DS1-capable equipment to a Company switching center. Broadspeed Voice T1 is a DS1 (1.544 Mbps) transmission link providing 24 voice-grade DS0 communications channels per facility.

Broadspeed Voice T1 offers customers the capabilities for outgoing calls only (DOD), incoming calls only (DID), or a combination of both inbound and outbound calls. Direct Outward Dialing permits end users behind a PBX, or DS1-capable system, to dial out directly without the aid of an attendant. Direct Inward Dialing permits calls to terminate directly to a number behind a PBX or DS1-capable system, without the aid of an attendant. DID/DOD permits two-way trunking.

Customers are given the opportunity to subscribe to the Company's services for 1 year, 2 year or 3 year terms. If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract, the termination liability will be equal to the monthly charge multiplied by the number of months remaining on the contract. All Customers agree to meet and will be billed a minimum of \$459.38 in monthly calling volumes, including local service, intraLATA toll, interstate and international long distance calling for each Broadspeed Voice T1 service.

- 4.19 Broadspeed Voice T1 (Cont'd)
  - c. Monthly Recurring Charges (Cont'd)

Subscribers must select one of the following calling plan options shown below.

Measured Plan: All local, intraLATA toll and long distance calls are timed and rated per usage rates defined herein.

Measured Plan with Minimum Usage Guarantee ("MUG"): Subscribers are obligated to bill \$459.38 in usage each month. If usage for a month totals less than \$459.38, the subscriber will be billed the Minimum Usage Guarantee of \$459.38. If usage for a month totals \$459.38 or more, the subscriber is billed that amount corresponding to their total usage.

**(I)** 

**(I)** 

10k Plan: Monthly recurring charges for the 10k Plan include 10,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 10,000 minute per month allowance will be billed at the overage per minute rates defined herein.

25k Plan: Monthly recurring charges for the 25k Plan include 25,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 25,000 minute per month allowance will be billed at the overage per minute rates defined herein.

50k Plan: Monthly recurring charges for the 50k Plan include 50,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 50,000 minute per month allowance will be billed at the overage per minute rates defined herein.

100k Plan: Monthly recurring charges for the 100k Plan include 100,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 100,000 minute per month allowance will be billed at the overage per minute rates defined herein.

#### a. Description

Broadspeed PRI is a local exchange access service that provides direct digital connections via 1.544 facitlity between customers with ISDN-PRI compatible Customer Premises Equipment (CPE) and ISDN-PRI equipped switches.

Broadspeed Primary Rate Interface (PRI) provides local exchange access loop services such as Direct Inward Dialing (DID), Direct Outward Dialing (DOD), and business dial tone lines. It can also be used as loop transport for circuit data applications. Broadspeed PRI is provisioned on the 1.544 megabits per second (Mbps) bandwidth and uses ISDN architecture of 23 B or bearer channels and 1 D or data channel, or 24 B channels to provide the customer with the capabilities of a simultaneous access, transmission, and switching of voice, data and video applications via channelized transport.

Customers are given the opportunity to subscribe to the Company's services for 1 year, 2 year or 3 year terms. If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract, the termination liability will be equal to the monthly charge multiplied by the number of months remaining on the contract. All Customers agree to meet and will be billed a minimum of \$262.50 in monthly calling volumes, including local service, intraLATA toll, interstate and international long distance calling for each Broadspeed PRI service.

# SECTION 4 - DESCRIPTION OF SERVICES (Cont'd)

#### 4.20 Broadspeed PRI (Cont'd)

d. Monthly Recurring Charges (Cont'd)

Subscribers must select one of the following calling plan options shown below.

<u>Measured Plan:</u> All local, intraLATA toll and long distance calls are timed and rated per usage rates defined herein.

Measured Plan with Minimum Usage Guarantee ("MUG"): Subscribers are obligated to bill \$262.50 in usage each month. If usage for a month totals less than \$262.50, the subscriber will be billed the Minimum Usage Guarantee of \$262.50. If usage for a month totals \$262.50 or more, the subscriber is billed that amount corresponding to their total usage.

10k Plan: Monthly recurring charges for the 10k Plan include 10,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 10,000 minute per month allowance will be billed at the overage per minute rates defined herein.

<u>25k Plan:</u> Monthly recurring charges for the 25k Plan include 25,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 25,000 minute per month allowance will be billed at the overage per minute rates defined herein.

<u>50k Plan:</u> Monthly recurring charges for the 50k Plan include 50,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 50,000 minute per month allowance will be billed at the overage per minute rates defined herein.

100k Plan: Monthly recurring charges for the 100k Plan include 100,000 minutes per month of local, intraLATA toll and long distance calling. All local, intraLATA toll and long distance calls in excess of the 100,000 minute per month allowance will be billed at the overage per minute rates defined herein.

#### SECTION 4 - DESCRIPTION OF SERVICES (Cont'd)

### 4.21 Broadspeed Integrated T1

#### a. Description

Broadspeed Integrated T1 service provides a high capacity DS1 (1.544 Mbps) transmission link from an end user's premises to the Company's switching center. Broadspeed Integrated T1 service allows customers to integrate voice and data on the same circuit or facility. The minimum configuration of an Integrated T1 is one of the three following configurations: 1) 10 lines of voice service and 256k Internet access port; 2) 8 lines of voice service and 384k Internet access port; or 3) 6 lines of voice service and 512k Internet access port. At no time is the configuration permitted to be below one of these minimum configurations.

Broadspeed Integrated T1 offers customers the capabilities for local, intraLATA toll, long distance, 411, 911, dial around and toll-free calls. Customers must select the Company as their carrier for local, intraLATA toll and long distance calling. Broadspeed Integrated T1 also offers customers the capabilities for incoming calls only (DID). Direct Inward Dialing permits calls to terminate directly to a number behind a PBX or DS1-capable system, without the aid of an attendant.

Customers are initially given the opportunity to subscribe to the Company's services for 2 year or 3 year term commitments, with a 2 year term being the minimum contractual obligation. At the expiration of the term contracts, Customers are given the opportunity to subscribe to the Company's services on a month-to-month basis. All measured-rate Customers agree to meet and will be billed a minimum of \$105.00 in monthly calling volumes, including local service, intraLATA toll, interstate and international long distance calling over the Company's T1 lines.

Customers are also given the opportunity to select from two mutually exclusive price plans. A measured-rate price plan has a monthly fee for each voice line and usage charges for local, intraLATA toll, and domestic and international Long Distance based on a cost per minute. Calls are metered and charges are determined by the duration of the call times the cost per minute. A flat-rate pricing plan gives the Customer the option to select unlimited local and intraLATA toll calls for one fixed price per line and metered domestic and international Long Distance based on a cost per minute. All voice lines provisioned on an Integrated T1 must be assigned identical calling plans. Mixing measured-rate and flat-rate calling plans on an Integrated T1 service is not permitted.

If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract or requires their configuration of voice and data lines to fall below the minimum thresholds, the termination liability will be equal to \$840.00 multiplied by the number of months remaining on the contract.

Issued: October 30, 2020 Effective: November 1, 2020

#### 4.21 Broadspeed Integrated T1 (Cont'd)

#### c. Monthly Recurring Charges

<u>DS1 Facility:</u> A monthly recurring fee applies for each DS1 facility provisioned. In addition to the DS1 facility fee, a mileage fee is added to those circuits that are greater than 0.1 miles and less than fifteen miles from a Company Integrated T1 service collocation. No services are provisioned beyond fifteen miles from a Company T1 collocation. Broadspeed Integrated T1 subscribers will be subject to a fixed monthly recurring mileage component and a per mile component. DS1 facility mileage calculated at .5 or less will be rounded down. DS1 facility mileage calculated at .6 or higher will be rounded up (Example - If DS1 facility mileage equals 1.5 miles, the per mile component of the monthly recurring mileage would equal 1 mile. If DS1 facility mileage equals 1.6 miles, the per mile component of the monthly recurring mileage would equal 2 miles).

<u>Internet Access Port:</u> Customers must select one of five (5) discrete bandwidth choices for Internet access.

<u>Equipment Rental</u>: A fee for rental of a Company-provided Integrated Access Device that will reside at the customer's premises for the duration of the service period. The equipment remains the property of the Company and must be returned upon service disconnection else Customer will be levied a fee up to \$3,500.00.

<u>Caller ID With Name:</u> This feature provides the originating telephone number and also the name associated with the line. The information is displayed on a Customer provided display device attached to the Customer's telephone line. Caller ID With Name is only available to subscribers with two or three year commitments.

## SECTION 4 - DESCRIPTION OF SERVICES (Cont'd)

#### 4.22 Broadspeed Dynamic IP

#### a. Description

Broadspeed Dynamic IP service is a dynamic integrated service that provides a high capacity transmission link from an end user's premises to Broadview's switching center and allows customers to integrate voice and data on the same facility. Each Broadspeed Dynamic IP service comes with a minimum configuration of six (6) voice lines. At no time is the configuration permitted to be below the minimum threshold.

Broadspeed Dynamic IP offers customers the capabilities for local, intraLATA toll, long distance, 411, 911, dial around and toll-free calls. Customers must select the Company as their carrier for local, intraLATA toll and long distance calling. Broadspeed Dynamic IP also offers customers the capabilities for incoming calls only (DID). Direct Inward Dialing permits calls to terminate directly to a number behind a PBX or DS1-capable system, without the aid of an attendant.

Customers are initially given the opportunity to subscribe to the Company's services for 1 year, 2 year or 3 year term commitments, with a 1 year term being the minimum contractual obligation. At the expiration of the term contract, Contracts are automatically renewed for a 1 year term at 1 year term rates.

If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract or requires their configuration of voice and data lines to fall below the minimum thresholds, the termination liability will be equal to \$840.00 multiplied by the number of months remaining on the contract.

#### SECTION 4 - DESCRIPTION OF SERVICES (Cont'd)

- 4.22 Broadspeed Dynamic IP (Cont'd)
  - c. Monthly Recurring Charges (Cont'd)

In addition to the Broadspeed Dynamic IP base package charges, additional charges may apply as follows:

<u>DS1 Facility</u>: A monthly recurring fee applies for each DS1 facility provisioned. In addition to the DS1 facility fee, a mileage fee is added to those circuits that are greater than 0.1 miles and less than fifteen miles from a Company service collocation. No services are provisioned beyond fifteen miles from a Company collocation. Subscribers will be subject to a fixed monthly recurring mileage component and a per mile component. DS1 facility mileage calculated at .5 or less will be rounded down. DS1 facility mileage calculated at .6 or higher will be rounded up (Example - If DS1 facility mileage equals 1.5 miles, the per mile component of the monthly recurring mileage would equal 1 mile. If DS1 facility mileage equals 1.6 miles, the per mile component of the monthly recurring mileage would equal 2 miles).

<u>Equipment Rental</u>: A fee for rental of a Company-provided Integrated Access Device that will reside at the customer's premises for the duration of the service period. The equipment remains the property of the Company and must be returned upon service disconnection else Customer will be levied a fee up to \$3,500.00.

<u>Voice Lines</u>: Customers may subscribe to voice lines in addition to standard voice lines included with each package. Fees for additional voice lines are per working voice channel.

#### 4.23 Broadspeed DIA With Voice

#### a. <u>Description</u>

Broadspeed DIA With Voice is a dynamic integrated T1 service that provides a high capacity DS1 (1.544 Mbps) transmission link from an end user's premises to Broadview Networks' switching center and allows customers to integrate voice and data on the same DS1 facility. Service is provisioned as a full 1.544 Mbps Internet Protocol (IP) port and Voice over IP (VoIP) technology is employed to derive analog voice line equivalents within that same IP bandwidth. Voice traffic is assigned the highest priority traffic type on the IP facility and will use whatever bandwidth is necessary to ensure high quality call transmission. IP bandwidth not being used for voice traffic at any given time is allocated to the customer's data services and this bandwidth fluctuates depending on the customer's voice traffic needs. Each service comes with two analog voice lines provisioned on a full 1.544 Mbps Internet access port. At no time is the configuration permitted to be below these minimum thresholds.

Broadspeed DIA With Voice offers customers the capabilities for local, intraLATA toll, long distance, 411, 911, dial around and toll-free calls. Customers must select Broadview as their carrier for local, intraLATA toll and long distance calling. International calling is blocked by default. Subscribers have the option of adding international calling capability. Broadspeed DIA With Voice also offers customers the capabilities for incoming calls (DID).

Customers are initially given the opportunity to subscribe to the Company's services for 1-year, 2-year or 3-year term commitments, with a 1-year term being the minimum contractual obligation. At the expiration of the term contract, Customer contracts are automatically renewed for a 1-year term at 1-year term rates. If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract, the termination liability will be equal to \$840.00 multiplied by the number of months remaining on the contract.

#### SECTION 4 - DESCRIPTION OF SERVICES (Cont'd)

#### 4.24 Broadspeed Voice Channel Bank

#### a. <u>Description</u>

Broadspeed Voice Channel Bank service provides basic analog business line connections from a Company-provided Integrated Access Device (IAD) at the end user's premises to a Company switching center. Broadspeed Voice Channel Bank service utilizes Metro-Ethernet or DS1 (1.544 Mbps) transmission link to deliver from 11 to 24 analog voice-grade 56Kbps communications channels per facility.

Service offers customers the capabilities for both inbound and outbound calls via analog, voice-grade telephonic communications channels that can be used to place or receive one call at time. Basic business lines are provided for connection of customer-provided single-line terminal equipment such as analog station sets or facsimile machines.

Customers are given the opportunity to subscribe to the Company's services for 1 year, 2 year or 3 year terms. If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract, the termination liability will be equal to \$840.00 multiplied by the number of months remaining on the contract. All Customers agree to meet and will be billed a minimum of \$105.00 in monthly calling volumes, including local service, intraLATA toll, and interstate/international long distance calling for each Measured Broadspeed Voice Channel Bank service.

#### b. <u>Features</u>

Broadspeed Voice Channel Bank service includes Call Hunting and Anonymous Call Rejection. The following features are also available to subscribers for a monthly per line charge: Call Waiting, Three Way Calling, Call Forward, Call Forward Busy Line, Call Forward Don't Answer, Ultra Call Forward, Remote Call Forward, Speed Dial 8, Speed Dial 30, Caller ID, Call Waiting ID, Caller ID Deluxe, and Call Waiting ID Deluxe, Voice Mail. The following features are available on a per use basis only: Repeat Dial, Call Return, and Call Trace.

<u>Feature Package 1</u>: Feature Package 1 is available to subscribers for a monthly per line charge. Feature Package 1 includes Station-to-station Dialing, Assume Dial 9, Call Hold, Call Transfer, Call Pickup, Three way Calling, Call Forward, Call Waiting, and Call Park.

Monthly recurring line charge:			
(Includes 2,000 minutes of local and, intraLATA toll calling allowance)	\$118.97	\$116.34	(I)
Rate per minute for all local and intraLATA toll usage in excess of monthly allowance:	\$0.142	\$0.133	<b>(I)</b>
Rate per minute for all interstate long distance calls:	\$0.177	\$0.159	<b>(I)</b>

There are no monthly charges or minimum usage associated with the long distance rates. Customers must sign a term commitment and must take the complete Broadview Networks bundle of local, toll and long distance to qualify for this offer. Usage for Toll Free Numbers is not included with this plan. Service cannot be used with an autodialer, call center or certain automated switching equipment. This service is available only to business customers and for voice use only. Broadview Networks reserves the right to change the calling plan of customers with inappropriate usage or who are not in compliance with the restrictions set forth in this tariff.

Over \$5,000	\$50.00

**(I)** 

#### SECTION 10 – RECIPROCAL COMPENSATION

#### 10.1 General

Reciprocal Compensation Arrangements are available to Other Network Providers (ONP) who are also certified providers of local exchange service. Under a Reciprocal Compensation Arrangement, the Company compensates the ONP for Company traffic terminating on the ONP's network and the ONP compensates the Company for ONP traffic terminating on the Company's network.

The Company will negotiate compensation arrangements with ONPs. However, in the absence of negotiated arrangements between the Company and ONPs, the Company's Reciprocal Compensation Arrangements to ONPs will be no higher than those of the incumbent carrier for the region in which that incumbent is providing service.

#### 10.2 Measurement of Access Minutes and Determination of Balance

All traffic subject to a Reciprocal Compensation Arrangement will be considered terminating for usage measurement purposes, i.e., Company traffic is terminating to the ONP and ONP traffic is terminating to the Company. Usage measurement will begin when the Company entry switch receives answer supervision from the Company's end user's switching office or from the ONP's point of termination, whichever occurs later. Usage measurement will end when the Company entry switch receives disconnect supervision from the Company's end user's office or from the ONP's point of termination, whichever occurs first.

#### 10.3 Rates
