BEFORE THE
PUBLIC SERVICE COMMISSION
OF THE DISTRICT OF COLUMBIA

IN THE MATTER OF THE APPLICATION OF WASHINGTON GAS LIGHT COMPANY FOR AUTHORITY TO INCREASE EXISTING RATES AND CHARGES FOR GAS SERVICE	)	Formal Case No. 1162

JOINT MOTION FOR APPROVAL OF NON-UNANIMOUS AGREEMENT OF STIPULATION AND FULL SETTLEMENT AND WAIVER OF COMMISSION RULES

Pursuant to the Public Service Commission of the District of Columbia's ("Commission" or "PSC") Rules of Practice and Procedure, 15 DCMR §§ 105.8 and 130.10, Washington Gas Light Company ("Washington Gas" or "Company") and the signatories to the Non-Unanimous Agreement of Stipulation and Full Settlement (collectively referred to as the "Settling Parties")[1] hereby jointly move the Commission to: (1) approve the attached Non-Unanimous Agreement of Stipulation and Full Settlement ("Settlement Agreement"), in full settlement of the issues presented in this proceeding, without condition or modification, and subject to the terms and conditions set forth in the Settlement Agreement, and find that it is in the public interest; and (2) waive such provisions of the Commission's Rules as may be necessary to permit the relief requested herein ("Joint Motion") in an expedited manner.

Formal Case No. 1162 was initiated to consider the Application of Washington Gas to increase existing rates and charges for natural gas service in the District of Columbia.

[1] Environmental Defense Fund and Sierra Club have indicated that they do not oppose the Settlement Agreement.

The parties in this proceeding have engaged in extensive discovery and pre-filed written direct, supplemental direct, and/or rebuttal testimony addressing the issues presented in this case.[2]

The Settling Parties have also engaged in settlement negotiations resulting in the culmination of the Settlement Agreement attached hereto. The Settling Parties submit that the Settlement Agreement is in the public interest.

The Settling Parties represent diverse interests which collectively represent the public interest, and an extensive evidentiary record has already been developed in this case. Moreover, no party has opposed the Settlement Agreement. A prompt resolution of this matter will conserve the resources of the Commission and the parties involved in this case and will allow for administrative efficiency.

Given that the Settlement Agreement is conditioned upon Commission acceptance of its terms in their entirety, pursuant to Rule 130.16, the Settlement Agreement is respectfully submitted on the condition that, in the event the Commission does not accept it in its entirety, the Settlement Agreement would be deemed withdrawn and would not constitute any part of the record in this proceeding or be used for any other purpose whatsoever, unless agreed to in writing by all of the Settling Parties. In the event that the Commission does not accept the Settlement Agreement in its entirety and the Settling Parties do not otherwise agree to an amicable resolution within forty-five (45) days after the Commission's order on the Settlement Agreement, all parties shall retain all procedural and due process rights as though the Settlement Agreement had not been presented for approval. Statements made and documents considered by parties during the course of settlement negotiations and

[2] Sierra Club did not file testimony in this proceeding.

conferences shall remain confidential and non-discoverable pursuant to Rule 130.6, and shall not be admissible as evidence or raised in arguments by parties. Furthermore, any documents that have been filed or received in support of the Settlement Agreement shall be privileged as reflecting the substantive content of settlement discussions, and shall be stricken from and not be considered as part of the administrative or evidentiary record before the Commission for any further purpose whatsoever.

Finally, none of the Settling Parties shall be prejudiced or bound in any manner by the terms of this Settlement Agreement in any other proceeding before the PSC including proceedings involving other utilities regulated by the PSC.

Washington Gas proposes to submit its compliance filing, pursuant to Rule 296.1, within 30 days of the Commission's approval of the Settlement Agreement.

WHEREFORE, the Settling Parties respectfully request that the Commission:

(1) Approve the Settlement Agreement attached hereto without change or condition;

(2) Approve and authorize the Settlement Agreement as being in the public interest;

(3) Grant such other authorizations and approvals as the Commission may deem necessary and appropriate to permit the settlement; and

(4) Waive, to the extent necessary or possible, any requirements in the Commission's Rules as may be necessary and appropriate to permit the relief requested in this Joint Motion.

Respectfully submitted,

BEFORE THE
PUBLIC SERVICE COMMISSION
OF THE DISTRICT OF COLUMBIA

IN THE MATTER OF THE APPLICATION OF WASHINGTON GAS LIGHT COMPANY FOR AUTHORITY TO INCREASE EXISTING RATES AND CHARGES FOR GAS SERVICE	)	Formal Case No. 1162

NON-UNANIMOUS AGREEMENT OF STIPULATION AND FULL SETTLEMENT

In consideration of the matters set forth herein, Washington Gas Light Company ("Washington Gas" or "Company"), the Office of the People's Counsel for the District of Columbia, the Apartment and Office Building Association of Metropolitan Washington, District of Columbia Government, U.S. General Services Administration and the Baltimore-Washington Construction and Public Employees Laborers' District Council (collectively referred to as the "Settling Parties"), pursuant to the Public Service Commission of the District of Columbia's ("Commission") Rules of Practice and Procedure, 15 DCMR §§ 130.3 *et. seq.,* respectfully submit the following Non-Unanimous Agreement of Stipulation and Full Settlement ("Settlement Agreement") for Commission approval:[3]

WHEREAS, Washington Gas presently sells and distributes natural gas at retail in the District of Columbia in accordance with its currently approved tariff; and

WHEREAS, on January 13, 2020, Washington Gas filed an Application with the Commission requesting authority to increase rates for natural gas service in the District of Columbia ("Application"); and

[3]Environmental Defense Fund and Sierra Club have indicated that they do not oppose the Settlement Agreement.

WHEREAS, on January 31, 2020, the Commission caused to be published in the *D.C. Regist*er a Public Notice regarding the Company's Application and solicited requests for intervention in this proceeding; and

WHEREAS, the parties have filed direct, supplemental direct, and/or rebuttal testimony in this case, and a substantial amount of discovery has been conducted; and

WHEREAS, the Settling Parties have engaged in settlement negotiations which have culminated in this Settlement Agreement which resolves all issues presented in this proceeding; and

WHEREAS, the Settling Parties agree that this Settlement Agreement is expressly conditioned upon the Commission's acceptance of all of its terms, without change or modification, unless agreed to in writing by all Settling Parties; and

WHEREAS, the Settling Parties understand and agree that the proposed full settlement represents a compromise of divergent positions in order to end litigation and that, except as expressly set forth and specified in the Settlement Agreement, no Settling Party should be deemed to have approved, accepted, agreed, consented, or acquiesced to any principle underlying any of the matters provided for in the Settlement Agreement and none of the Settling Parties shall be prejudiced or bound in any manner by the terms of this Settlement Agreement in any other proceeding other than as necessary to enforce the terms of this Settlement Agreement. The Settling Parties respectfully request that acceptance of the Settlement Agreement by the Commission shall not be deemed nor shall it constitute in any respect a determination by the Commission as to the merits of any of the contentions or allegations which might be made by any Settling Party in the absence of settlement.

WHEREAS, the Settling Parties agree that the communications which have produced the Settlement Agreement have been made with the explicit understanding among the parties that all offers of settlement and communications relating thereto are and should be privileged and confidential pursuant to Rule 130.6, shall be without prejudice to the position of any party or participant presenting any such offer or participating in any such discussions, and are not to be used in any manner in connection with this proceeding or otherwise.

WHEREAS, the Settling Parties agree that this Agreement constitutes a full settlement and compromise of the Company's Application and the associated issues. The Settling Parties further agree that the settlement rates appended hereto are just, reasonable and non- discriminatory and, therefore, appropriate to be made effective as set forth in the attached revised tariff sheets (Attachment 1) and pursuant to all other terms of the Settlement Agreement in its entirety; and

WHEREAS, the Settling Parties agree that acceptance by the Commission of this Settlement Agreement shall not be deemed nor shall it constitute in any respect a determination by the Commission as to the merits of any of the contentions or allegations which might be made by any Settling Parties in the absence of settlement; and

WHEREAS, the Settling Parties agree that the pre-filed testimony and exhibits of all parties shall be accepted as part of the record in this proceeding, pursuant to 15 DCMR §130.10(g).

NOW, THEREFORE, the Settling Parties agree to the following full settlement and compromise.

SECTION 1

REVENUE REQUIREMENT AND RETURN ON INVESTMENT

The Settling Parties agree to a Washington Gas revenue increase of $19.5 million over and above Washington Gas's current revenues. The Settling Parties further agree to a Washington Gas capital structure that includes a 52.10% equity ratio and a 47.90% debt ratio, with a cost of debt of 4.66%, return on equity of 9.25%, and an overall cost of capital of 7.05% without attribution or establishing precedent as to the reasonableness of the methodology or amounts used for calculating any component of the cost of capital. All parties retain their rights to propose a particular methodology or computation of each component of the cost of capital in future proceedings. The calculation of the 7.05% cost of capital is shown in Attachment 3. Attachment 3 also includes the pre-tax rate of return.

SECTION 2

WEATHER NORMALIZATION

The Settling Parties agree that rates will be based upon billing determinants recommended by Washington Gas in this proceeding, without any attribution to a weather normalization method or normal weather study for calculating the billing determinants. No element of settlement shall be construed as support for: Washington Gas's proposed weather normalization methodology; Washington Gas's recommended heating degree day measures or methodology for estimating normal heating degree days; or the details of its normal weather study. All parties retain their rights to propose a particular weather normalization method, heating degree day measures or methodology for estimating normal heating degree days, and normal weather study in future cases.

SECTION 3

AFUDC

Washington Gas agrees to withdraw, without prejudice, its proposal to use ordinary cost of capital for Allowance for Funds Used During Construction (AFUDC). There will be no change to the existing AFUDC cost of capital methodology.

SECTION 4

DEPRECIATION RATES

The Settling Parties agree that there will be no change in the Company's current depreciation rates in this proceeding.

SECTION 5

PROJECT*PIPES*

The Settling Parties agree that this settlement is limited to resolving PROJECT*pipes* costs that are completed and in service, as of the date of the Company's filed rebuttal testimony (*i.e.,* September 14, 2020). The Company's rebuttal testimony included an amount of up to $99.5 million of PROJECT*pipes* plant in service being transferred to base rates, and the agreed-upon increase in revenues for Washington Gas in this Settlement Agreement includes the transfer of $99.5 million in plant in service from PROJECT*pipes* to rate base without attribution as to the merits of the prudence or reasonableness of the underlying projects. The $99.5 million is net of applicable retirements. This settlement does not set any precedent with respect to any future requests for PROJECT*pipes* cost recovery and the parties reserve all rights with respect to any such requests in any other ongoing or future proceedings, including but not limited to, the right to challenge any future requests to

transfer PROJECT*pipes* costs into the Company's base rates (and related rate base or plant in service). The calculation of the $99.5 million amount of PROJECT*pipes* plant is shown in Attachment 2.

SECTION 6

REVENUE NORMALIZATION ADJUSTMENT

Washington Gas's proposal for a Revenue Normalization Adjustment is hereby withdrawn, without prejudice to Washington Gas proposing a decoupling mechanism in a future proceeding, and without prejudice to parties' rights to oppose any such proposal.

SECTION 7

MORATORIUM

The Settling Parties agree that after implementation of final, non-appealable Commission-approved rates established in Formal Case Nos. 1162 , 1115 and 1154, Washington Gas will not file for a distribution rate increase or request any new rate or tariff mechanisms, including a Revenue Normalization Adjustment or similar revenue decoupling mechanism, that have a related customer rate increase in the District of Columbia before August 31, 2021.

SECTION 8

CLIMATE

Washington Gas agrees to file an annual report with the Commission that reports the greenhouse gas emissions associated with the Company's delivery of gas to District of Columbia customers in the previous calendar year. Washington Gas agrees to meet with the Settling Parties within 60 days after this Settlement Agreement is approved by

the Commission to discuss the contents of the annual report. This settlement term does not constrain the Settling Parties' rights to take any positions in any other proceeding on climate issues and policy issues. All parties retain their rights to take positions in any other proceeding on climate issues and policy terms.

SECTION 9

RESIDENTIAL ESSENTIAL SERVICE

Washington Gas agrees to increase the RES distribution credit from its proposed 90% level to a level of 100% of the distribution portion of eligible customers' bills.

SECTION 10

FILING REQUIREMENTS – ELECTRONIC FILES

Washington Gas agrees to file all exhibits and workpapers concurrent with its application, all testimony, and any compliance filing in native file format, with all formula intact, in Washington Gas's next base rate case. The Settling Parties will agree to do the same in kind concurrent with the filing of their testimony in response to Washington Gas's next base rate case.

SECTION 11

RATE DESIGN

The Settling Parties agree that the $19.5 million revenue increase will be collected through a 15% increase in the Customer Charge for all Residential classes, with the remainder collected through the Distribution Charge. For non-Residential rate classes, the revenue increase will be distributed on an equal percentage basis to all charges. The

actual rates to be charged to the various rate classes and verification of agreed revenue increase are reflected in Attachment 1. The Settling Parties' agreement to the rate design is non-precedential and without attribution as to the reasonableness of the methodology or amounts used for collecting charges and rates to be charged to various rate classes. All parties retain their rights in this respect for future proceedings.

SECTION 12

REVENUE ALLOCATION

The Settling Parties agree that revenue will be allocated consistent with the percentage of allocated revenue shown in Washington Gas's Supplemental Testimony, adjusted to match the settlement revenue requirement increase as reflected in Attachment 1 to this Settlement Agreement. The Settling Parties' agreement to the revenue allocation is non-precedential and without attribution as to the reasonableness of the methodology or amounts used for revenue allocation. All parties retain their rights in this respect for future proceedings.

SECTION 13

INTERRUPTIBLE TARIFF

Washington Gas agrees to withdraw its proposed Interruptible Delivery Gas Supplier Agreement (Rate Schedule No. 8) tariff, without prejudice to Washington Gas proposing such a tariff in a future proceeding, and without prejudice to parties' rights to oppose any such proposal.

SECTION 14

NON-SEVERABILITY

The provisions of this Settlement Agreement are not severable. None of the provisions shall become operative unless and until the Commission issues an order approving the Settlement as to all of the terms and conditions set forth herein, without modifications or conditions; except that the Settling Parties may, by unanimous written consent, elect to modify the Settlement Agreement to address any modifications required or issues raised by the Commission. In the event that the Commission does not accept the Settlement Agreement in its entirety and the Settling Parties do not otherwise agree to an amicable resolution within forty-five (45) days after the Commission's order on the Settlement Agreement, all parties shall retain all procedural and due process rights as though the Settlement Agreement had not been presented for approval. Statements made and documents considered by parties during the course of settlement negotiations and conferences shall remain confidential and non-discoverable pursuant to Rule 130.6, and shall not be admissible as evidence or raised in arguments by parties. Furthermore, any documents that have been filed or received in support of the Settlement Agreement shall become privileged as reflecting the substantive content of settlement discussions, and shall be stricken from and not be considered as part of the administrative or evidentiary record before the Commission for any further purpose whatsoever.

SECTION 15

STIPULATION OF ADMISSION OF TESTIMONY

The Settling Parties stipulate to the admission into evidence, without cross-examination, of all testimony and accompanying exhibits that has been filed in this proceeding.

WHEREFORE, the Settling Parties respectfully request that the Commission issue an order approving this Settlement Agreement.

Respectfully submitted,
