Re: Formal Case No. 1144

Dear Ms. Westbrook-Sedgwick:

On August 9, 2019, the Public Service Commission of the District of Columbia issued Order No. 20203 approving Phase 1 of the Capital Grid Project. Order No. 20203 detailed a number of reporting requirements, some of which were due on September 9, 2019. Specifically, Attachment A of Order No. 20203 required that on September 9, 2019 Potomac Electric Power Company ("Pepco") (1) provide an updated construction timeline for the Capital Grid Project; (2) a draft format for the Quarterly Report that will be submitted during the Phase 1 construction; and (3) certain questions regarding the use of the Florida Avenue Substation for construction of Phase 1 of the Capital Grid Project.

Pursuant to Attachment A of Order No. 20203, Pepco is filing (1) an updated construction timeline for the Capital Grid Project and (2) a draft format for the Quarterly Report that will be submitted during the Phase 1 construction based on the Quarterly Report used in the Waterfront Substation Reporting. Pepco is filing separately a request for extension of time to file the responses to the Florida Avenue Substation questions. The topics are complex, and Pepco requires a small extension to ensure complete responses.

Please contact me if you have any further questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Andrea H. Harper".
